

FRAMEWORK FOR THE ANNUAL REPORT OF THE CHILDREN'S HEALTH INSURANCE PLANS UNDER TITLE XXI OF THE SOCIAL SECURITY ACT

Preamble

Section 2108(a) and Section 2108(e) of the Act provides that the State and Territories *must assess the operation of the State child health plan in each Federal fiscal year, and report to the Secretary, by January 1 following the end of the Federal fiscal year, on the results of the assessment. In addition, this section of the Act provides that the State must assess the progress made in reducing the number of uncovered, low-income children. The State is out of compliance with CHIP statute and regulations if the report is not submitted by January 1. The State is also out of compliance if any section of this report relevant to the State's program is incomplete.

To assist States in complying with the statute, the National Academy for State Health Policy (NASHP), with funding from the David and Lucile Packard Foundation, has coordinated an effort with States and CMS over the years to design and revise this Annual Report Template. Over time, the framework has been updated to reflect program maturation and corrected where difficulties with reporting have been identified.

The framework is designed to:

- Recognize the ***diversity*** of State approaches to CHIP and allow States ***flexibility*** to highlight key accomplishments and progress of their CHIP programs, **AND**
- Provide ***consistency*** across States in the structure, content, and format of the report, **AND**
- Build on data ***already collected*** by CMS quarterly enrollment and expenditure reports, **AND**
- Enhance ***accessibility*** of information to stakeholders on the achievements under Title XXI.

The CHIP Annual Report Template System (CARTs) is organized as follows:

- Section I: Snapshot of CHIP Programs and Changes
- Section II: Program's Performance Measurement and Progress
- Section III: Assessment of State Plan and Program Operation
- Section IV: Program Financing for State Plan
- Section V: 1115 Demonstration Waivers (Financed by CHIP)
- Section VI: Program Challenges and Accomplishments

* - When "State" is referenced throughout this template, "State" is defined as either a state or a territory.

SECTION I: SNAPSHOT OF CHIP PROGRAM AND CHANGES

- 1) To provide a summary at-a-glance of your CHIP program characteristics, please provide the following information. You are encouraged to complete this table for the different CHIP programs within your state, e.g., if you have two types of separate child health programs within your state with different eligibility rules. If you would like to make any comments on your responses, please explain in narrative below this table. Please note that the numbers in brackets, e.g., [500] are character limits in the Children's Health Insurance Program (CHIP) Annual Report Template System (CARTS). You will not be able to enter responses with characters greater than the limit indicated in the brackets.

		CHIP Medicaid Expansion Program				Separate Child Health Program

SECTION II: PROGRAM'S PERFORMANCE MEASUREMENT AND PROGRESS

This section consists of three subsections that gather information on the initial core set of children's health care quality measures for the CHIP and/or Medicaid program as well as your State's progress toward meeting its general program strategic objectives and performance goals. Section IIA captures data on the initial core set of measures to the extent data are available. Section IIB captures your enrollment progress as well as changes in the number and/or rate of uninsured children in your State. Section IIC captures progress towards meeting your State's general strategic objectives and performance goals.

SECTION IIA: REPORTING OF THE INITIAL CORE SET OF CHILDREN'S HEALTH CORE QUALITY MEASURES

Section 401(a) of the Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA) (Pub.L. 111-3) required the Secretary of the Department of Health and Human Services to identify an initial core set of child health care quality measures for voluntary use by State programs administered under titles XIX and XXI, health insurance issuers and managed care entities that enter into contract with such programs, and providers of items and services under such programs. Additionally, Section 401(a)(4) required the development of a standardized reporting format for states that volunteer to report on the initial core set of measures. This section of CARTS will be used for standardized reporting on the initial core set of measures.

States that volunteer are required to report using the standardized methodologies and specifications and report on the populations to which the measures are applied. Below are the measure stewards and general description of the measures. Please reference the Technical Specifications and Resource Manual for the Initial Core Set of Children's Health Care Quality Measures for detailed information for standardized measure reporting.

The Technical Specifications and Resource Manual for the Initial Core Set of Children's Health Care Quality Measures can be found:

<http://www.cms.gov/MedicaidCHIPQualPrac/Downloads/CHIPRACoreSetTechManual.pdf>

The reporting of the Initial Care Set of Measures 1-23 is voluntary. Title XXI programs are required to report results from the CAHPS Child Medicaid Survey and the Supplemental Items for the Child Questionnaires on dental care, access to specialist care, and coordination of care from other health providers, by December 31, 2013.

	Measure	Measure Steward	Description	Reporting
1	Prenatal and Postpartum Care: Timeliness of Prenatal Care	NCQA/HEDIS	The percentage of deliveries of live births between November 6 of the year prior to the measurement year and November 5 of the measurement year that received a prenatal care visit in the first trimester or within 42 days of enrollment	Measure is voluntary.

	Measure	Measure Steward	Description	Reporting
2	Frequency of Ongoing Prenatal Care	NCQA/HEDIS	Percentage of deliveries between November 6 of the year prior to the measurement year and November 5 of the measurement year that received the following number of visits: < 21 percent of expected visits 21 percent – 40 percent of expected visits 41 percent – 60 percent of expected visits 61 percent – 80 percent of expected visits ≥ 81 percent of expected visits	Measure is voluntary.
3	Percentage of live births weighing less than 2,500 grams	CDC	Percentage of resident live births that weighed less than 2,500 grams in the State reporting period	Measure is voluntary.
4	Cesarean Rate for Nulliparous Singleton Vertex	California Maternal Care Collaborative	Percentage of women who had a cesarean section (C-section) among women with first live singleton births (also known as nulliparous term singleton vertex [NTSV] births) at 37 weeks of gestation or later	Measure is voluntary.
5	Childhood Immunization Status	NCQA/HEDIS	Percentage of children who turned 2 years old during the measurement year who had specific vaccines by their second birthday.	Measure is voluntary.
6	Immunizations for Adolescents	NCQA/HEDIS	Percentage of adolescents who turned 13 years old during the measurement year who had specific vaccines by their thirteenth birthday.	Measure is voluntary.
7	Weight Assessment and Counseling for Nutrition and Physical Activity for Children/Adolescents: BMI Assessment for Children/Adolescents	NCQA/HEDIS	Percentage of children, 3 through 17 years of age, whose weight is classified based on BMI percentile for age and gender.	Measure is voluntary.
8	Developmental Screening in the First Three Years of Life	Child and Adolescent Health Measurement Initiative and NCQA	Percentage of children screened for risk development, behavioral, and social delays using a standardized, screening tool in the first, second, and third year of life	Measure is voluntary.
9	Chlamydia Screening	NCQA/HEDIS	Percentage of women 16- 20 who were identified as sexually active who had at least one test for Chlamydia during the measurement year	Measure is voluntary.

	Measure	Measure Steward	Description	Reporting
10	Well Child Visits in the First 15 Months of Life	NCQA/HEDIS	Percentage of children who had zero, one, two, three, four, five, and six or more well child visits with a primary care practitioner during their first 15 months of life	Measure is voluntary.
11	Well Child Visits in the 3 rd , 4 th , 5 th , and 6 th Years of Life	NCQA/HEDIS	Percentage of children age 3 to 6 years old who had one or more well-child visits with a primary care practitioner during the measurement year.	Measure is voluntary.
12	Adolescent Well-Care Visits	NCQA/HEDIS	Percentage of adolescents age 12 through 21 years who had at least one comprehensive well-care visit with a primary care practitioner or an OB/GYN practitioner during the measurement year.	Measure is voluntary.
13	Percentage of Eligibles who Received Preventive Dental Services	CMS	Percentage of eligible children ages 1-20 who received preventive dental services	Measure is voluntary.
14	Children and Adolescents' Access to Primary Care Practitioners	NCQA/HEDIS	Percentage of children and adolescents 12 months – 19 years of age who had a visit with a primary care practitioner (PCP). Four separate percentages are reported: <ul style="list-style-type: none"> • Children 12- 24 months and 25 months – 6 years who had a visit with a PCP during the measurement year • Children 7 – 11 years and adolescents 12 – 19 years who had a visit with a PCP during the measurement year or the year prior to the measurement year 	Measure is voluntary.
15	Appropriate Testing for Children with Pharyngitis	NCQA/HEDIS	Percentage of children who were diagnosed with pharyngitis, dispensed an antibiotic and who received a group A streptococcus test for the episode	Measure is voluntary.
16	Otitis Media with Effusion – avoidance of inappropriate use of systemic antimicrobials in children – ages 2-12	American Medical Association/ Physician Consortium for Performance Improvement	Percentage of children ages 2 months through 12 years with a diagnosis of otitis media with effusion (OME) who were not prescribed systemic antimicrobials	Measure is voluntary.

	Measure	Measure Steward	Description	Reporting
17	Percentage of Eligibles who Received Dental Treatment Services	CMS	Percentage of eligible children Ages 1-20 who received dental treatment services	Measure is voluntary.
18	Ambulatory Care: Emergency Department Visits	NCQA/HEDIS	The number of emergency department visits per child/adolescent per year as a function of all children and adolescents enrolled and eligible during the measurement year	Measure is voluntary.
19	Pediatric central-line associated blood stream infections – NICU and PICU	CDC	Rate of central line-associated blood stream infections (CLABSI) in the pediatric and neonatal intensive care units during periods selected for surveillance	Measure is voluntary.
20	Annual percentage of asthma patients (2-20 yo) with 1 or more asthma-related emergency room visits	Alabama Medicaid	Percentage of children 2-20 years of age diagnosed with asthma during the measurement year with one or more asthma-related ER visits	Measure is voluntary.
21	Follow-Up Care for Children Prescribed Attention-Deficit Hyperactivity Disorder (ADHD) Medication	NCQA/HEDIS	Percentage of children newly prescribed ADHD medication who had at least three follow-up care visits within a 10-month period, one of which was within 30 days from the time when the first ADHD medication was dispensed. Two rates are reported: one for the initiation phase and one for the continuation and maintenance phase	Measure is voluntary.
22	Annual Pediatric hemoglobin A1C testing	NCQA	Percentage of children with diabetes and an HbA1c test during the measurement year.	Measure is voluntary.
23	Follow-up after hospitalization for mental illness	NCQA/HEDIS	Percentage of discharges for children 6 years of age and older who were hospitalized for treatment of selected mental health disorders and who had an outpatient visit, an intensive outpatient encounter or partial hospitalization with a mental health practitioner	Measure is voluntary.

	Measure	Measure Steward	Description	Reporting
24	Consumer Assessment Of Healthcare Providers And Systems (CAHPS®) Health Plan Survey 4.0H (Child version including Medicaid and Children with Chronic Conditions supplemental items)	NCQA/HEDIS	Survey on parents' experience with their child's care	<p>Reporting Required in 2013</p> <p>Title XXI programs are <u>required</u>¹ to report results from the CAHPS Child Medicaid Survey and the Supplemental Items for the Child Questionnaires on dental care, access to specialist care, and coordination of care from other health providers, by December 31, 2013.</p> <p>If States are already working with the Agency for Healthcare Research and Quality (AHRQ) to report CAHPS, they can continue doing so. We ask that States indicate in CARTS that they have submitted CAHPS data to AHRQ and using the CARTS attachment facility, provide a copy of the CAHPS results to CMS (do not submit raw data on CAHPS to CMS).</p>

This section contains templates for reporting performance measurement data for each of the core child health measures. Please report performance measurement data for the three most recent years (to the extent that data are available). In the first and second columns, data from the previous to years' annual reports (FFY 2009 and FFY 2010) will be populated with data from previously reported data in CARTS; enter data in these columns only if changes must be made. If you previously reported no data for either of those years, but you now have recent data for them, please enter the data. In the third column, please report the most recent data available at the time you are submitting the current annual report (FFY 2011). Additional instructions for completing each row of the table are provided below.

If Data Not Reported, Please Explain Why:

Beginning in 2011, the CARTS application will require States to provide information on why they chose not to report a measure(s) in Section IIA. The CARTS user will be prompted to provide this information for each measure during data entry. If the CARTS User skips these questions during the data entry process, he/she will be prompted to respond to them before being able to certify the Annual Report.

If you cannot provide a specific measure, please check the box that applies to your State for each measure as follows:

- Population not covered: Check this box if your program does not cover the population included in the measure.

¹ P.L. 111-3, §402(a)(2)(e)

- Data not available: Check this box if data are not available for a particular measure in your State. Please provide an explanation of why the data are currently not available.
- Small sample size: Check this box if the denominator size for a particular measure is less than 30. If the denominator size is less than 30, your State is not required to report a rate on the measure. However, please indicate the exact denominator size in the space provided.
- Other: Please specify if there is another reason why your state cannot report the measure.

Although the Initial Core Set of Measures is voluntarily reported, if the State is not reporting data on a specific measure, it is important to complete the reason why the State is not reporting the measure. It is important for CMS to understand why each State and why all States as a group may not be reporting on specific measures. Your selection of a reason for not reporting and/or provision of an “other” reason for not reporting will assist CMS in that understanding.

Status of Data Reported:

Please indicate the status of the data you are reporting, as follows:

- Provisional: Check this box if you are reporting data for a measure, but the data are currently being modified, verified, or may change in any other way before you finalize them for the current CARTS reporting period.

Explanation of Provisional Data – When the value of the Status of Data Reported field is selected as “Provisional”, the State must specify why the data are provisional and when the State expects the data will be final.

- Final: Check this box if the data you are reporting are considered final for the current CARTS reporting period.
- Same data as reported in a previous year's annual report: Check this box if the data you are reporting are the same data that your State reported in another annual report. Indicate in which year's annual report you previously reported the data.

Measurement Specification:

For each measure, please indicate whether the measure is based on HEDIS® technical specifications, the specifications developed by other measure stewards listed in the Technical Specifications and Resource Manual (e.g. CMS, CDC, AMA/PCPI), or “other” measurement specifications. If HEDIS® is selected, the HEDIS® Version field must be completed. If “Other” measurement specification is selected, the explanation field must be completed. States should use the technical specifications outlined in the Technical Specifications and Resource Manual for the Initial Core Set of Children's Health Care Quality Measures.

HEDIS® Version:

Please specify HEDIS® Version (example 2009, 2010). This field must be completed only when a user selects the HEDIS® measurement specification.

“Other” measurement specification explanation:

If “Other”, measurement specification is selected, please complete the explanation of the “Other” measurement specification. The explanation field must be completed when “Other” measurement specification has been selected,

Data Source:

For each measure, please indicate the source of data or methodology used to calculate the measure – administrative data (such as claims and encounters) (specify the kind of administrative data used); hybrid methods (combining administrative data and medical records) (specify how the two were used to create the rate); survey data (specify the survey used); or other source (specify the other source).

Definition of Population included in the Measure:

Numerator: Please indicate the definition of the population included in the numerator for each measure.

Denominator: Please indicate the definition of the population included in the denominator for each measure by checking one box to indicate whether the data are for the CHIP population only, the Medicaid population only, or include both CHIP and Medicaid (Title XIX) children combined.

If the denominator reported is not fully representative of the population defined above (the CHIP population only, the Medicaid population only, or the CHIP and Medicaid (Title XIX) populations combined), please further define the denominator, including those who are excluded from the denominator. For example, please note if the denominator excludes children enrolled in managed care in certain counties or certain plans or if it excludes children in fee-for-service or PCCM. Also, please report the number of children excluded. The provision of this information is important and will provide CMS with a context so that comparability of denominators can be assessed across the States and over time.

Deviation from Measure Technical Specification

If the data provided for a measure deviates from the measure technical specification, please select the type(s) of measure specification deviation. The types of deviation parallel the measure specification categories for each measure. Each type of deviation is accompanied by a comment field that States must use to explain in greater detail or further specify the deviation when a deviation(s) from a measure is selected.

The five types (and examples) of deviations are:

Year of Data (e.g., partial year),

Data Source (e.g., use of different data sources among health plans or delivery systems),

Numerator (e.g., coding issues),

Denominator (e.g., exclusion of MCOs, different age groups, definition of continuous enrollment),

Other (please describe in detail).

When one or more of the types are selected, States are required to provide an explanation.

Year of Data: not available for the 2011 CARTS reporting period.

Please report the year of data for each measure. The year (or months) should correspond to the *period in which utilization took place*. Do *not* report the year in which data were collected for the measure, or the version of HEDIS® used to calculate the measure, both of which may be different from the period corresponding to utilization of services.

Date Range: available for 2011 CARTS reporting period.

Please define the date range for the reporting period based on the “From” time period as the month and year that corresponds to the beginning period in which utilization took place and please report the “To” time period as the month and year that corresponds to the end period in which utilization took place. Do *not* report the year in which data were collected for the measure, or the version of HEDIS® used to calculate the measure, both of which may be different from the period corresponding to utilization of services.

Initial Core Set Measurement Data (HEDIS® or Other):

In this section, please report the numerators and denominators for each measure (or component). The template provides two sections for entering the data, depending on whether you are reporting using HEDIS® or other methodologies. The form fields have been set up to facilitate entering numerators and denominators for each measure. If the form fields do not give you enough space to fully report on the measure, please use the “additional notes” section.

Note: 2011 CARTS will calculate the rate when you enter the numerator and denominator.

For CARTS versions prior to 2011 States were able to enter a rate without entering a numerator and denominator (If you typically calculate separate rates for each health plan or delivery system, report the aggregate state-level rate for each measure [or component]. The preferred method is to calculate a single state-level “weighted rate” based on the distribution of the eligible population included in each separate rate.) Beginning in 2011, CARTS will be requiring States to report numerators and denominators rather than providing them the option of only reporting the rate. If States reported a rate in years prior to 2011, that data will be able to be edited if the need arises.

Explanation of Progress:

The intent of this section is to allow your State to demonstrate how you are using the measures. Please highlight progress and describe any quality improvement activities that may have contributed to your progress. If improvement has not occurred over time, this section can be used to discuss potential reasons for why progress was not seen and to describe future quality improvement plans. In this section, your State is also asked to set annual performance objectives for FFY 2012, 2013, and 2014. Based on your recent performance on the measure (from FFY 2009 through 2011), use a combination of expert opinion and “best guesses” to set objectives for the next three years. Please explain your rationale for setting these objectives. For example, if your rate has been increasing by 3 or 4 percentage points per year, you might project future increases at a similar rate. On the other hand, if your rate has been stable over time, you might set a target that projects a small increase over time. If the rate has been fluctuating over time, you might look more closely at the data to ensure that the fluctuations are not an artifact of the data or the methods used to construct a rate. You might set an initial target that is an average of the recent rates, with slight increases in subsequent years.

In future annual reports, you will be asked to comment on how your actual performance compares to the objective your State set for the year, as well as any quality improvement activities that have helped or could help your State meet future objectives.

Other Comments on Measure:

Please use this section to provide any other comments on the measure, such as data limitations or plans to report on a measure in the future.

NOTE: Please do not reference attachments in this table. If details about a particular measure are located in an attachment, please summarize the relevant information from the attachment in the space provided for each measure.

CHIPRA Quality Demonstration States have the option of reporting State developed quality measures through CARTS. Instructions may be found on page 25 in the web-based template and after core measure 24 on the Word template.

EQRO Requirement: States with CHIP managed care that have existing external quality review organization (EQRO) reports are required to submit EQRO reports as an attachment.

Is the State submitting an EQRO report as an attachment to the 2011 CARTS?

Yes No

If yes, please provide a further description of the attachment. [7500]

Annual EQRO Report of Kansas MCO's 2010-2011

If the State is not submitting an EQRO report as an attachment to the 2011 CARTS, please explain. [7500]

Explanation of Progress:

How did your performance in 2011 compare with the Annual Performance Objective documented in your 2010 Annual Report?

What quality improvement activities that involve the Medicaid and/or CHIP program and benefit Medicaid and/or CHIP enrollees help enhance your ability to report on this measure, improve your results for this measure, or make progress toward your goal?

Please indicate how CMS might be of assistance in improving the completeness or accuracy of your reporting of the data.

Annual Performance Objective for FFY 2012:

Annual Performance Objective for FFY 2013:

Annual Performance Objective for FFY 2014:

Explain how these objectives were set:

Reporting of State-specific measures:

In addition to reporting the CHIPRA core set quality measures, if your State has developed State-specific quality measures as part of the CHIPRA Quality Demonstration Grant project, the State may report that data in CARTS. The State may attach documents/data regarding the state-specific measures by using the CARTS attachment facility. Please provide a brief description of the attachment in the space provided when submitting the attachment.

Is the State attaching any state-specific quality measures as a CARTS attachment?

Yes No

SECTION IIB: ENROLLMENT AND UNINSURED DATA

- The information in the table below is the Unduplicated Number of Children Ever Enrolled in CHIP in your State for the two most recent reporting periods. The enrollment numbers reported below should correspond to line 7 (Unduplicated # Ever Enrolled Year) in your State's 4th quarter data report (submitted in October) in the CHIP Statistical Enrollment Data System (SEDS). The percent change column reflects the percent change in enrollment over the two-year period. If the percent change exceeds 10 percent (increase or decrease), please explain in letter A below any factors that may account for these changes (such as decreases due to elimination of outreach or increases due to program expansions). This information will be filled in automatically by CARTS through a link to SEDS. Please wait until you have an enrollment number from SEDS before you complete this response.

Program	FFY 2010	FFY 2011	Percent change FFY 2010-2011
CHIP Medicaid Expansion Program	0	0	
Separate Child Health Program	56384	60431	7.18

- Please explain any factors that may account for enrollment increases or decreases exceeding 10 percent. **[7500]**

- The table below shows trends in the three-year averages for the number and rate of uninsured children in your State based on the Current Population Survey (CPS), along with the percent change between 1996-1998 and 2009-2010. Significant changes are denoted with an asterisk (*). If your state uses an alternate data source and/or methodology for measuring change in the number and/or rate of uninsured children, please explain in Question #3. CARTS will fill in this information automatically, but in the meantime, please refer to the CPS data attachment that was sent with the FFY 2011 Annual Report Template.

Period	Uninsured Children Under Age 19 Below 200 Percent of Poverty		Uninsured Children Under Age 19 Below 200 Percent of Poverty as a Percent of Total Children Under Age 19	
	Number	Std. Error	Rate	Std. Error
1996 - 1998	42	10.8	5.5	1.4
1998 - 2000	50	11.9	7.0	1.6
2000 - 2002	39	7.1	5.5	1.0
2002 - 2004	38	7.1	5.2	.9
2003 - 2005	34	7.9	4.8	1.1
2004 - 2006	33	8.0	4.6	1.1
2005 - 2007	35	8.0	4.7	1.1

2006 - 2008	42	9.0	5.8	1.2
2007 - 2009	46	10.0	6.1	1.3
2008 - 2010	40	5.0	5.4	.7
Percent change 1996-1998 vs. 2008-2010	-4.8%	NA	-1.8%	NA

A. Please explain any activities or factors that may account for increases or decreases in your number and/or rate of uninsured children. **[7500]**

The economy has had an impact on enrollment.

B. Please note any comments here concerning CPS data limitations that may affect the reliability or precision of these estimates. **[7500]**

3. Please indicate by checking the box below whether your State has an alternate data source and/or methodology for measuring the change in the number and/or rate of uninsured children.

Yes (please report your data in the table below)

No (skip to Question #4)

Please report your alternate data in the table below. Data are required for two or more points in time to demonstrate change (or lack of change). Please be as specific and detailed as possible about the method used to measure progress toward covering the uninsured.

Data source(s)	
Reporting period (2 or more points in time)	
Methodology	
Population (Please include ages and income levels)	
Sample sizes	
Number and/or rate for two or more points in time	
Statistical significance of results	

A. Please explain why your State chose to adopt a different methodology to measure changes in the number and/or rate of uninsured children. **[7500]**

B. What is your State's assessment of the reliability of the estimate? What are the limitations of the data or estimation methodology? (Provide a numerical range or confidence intervals if available.) **[7500]**

C. What are the limitations of the data or estimation methodology? **[7500]**

D. How does your State use this alternate data source in CHIP program planning? **[7500]**

4. How many children do you estimate have been enrolled in Medicaid as a result of CHIP outreach activities and enrollment simplification? Describe the data source and method used to derive this information **[7500]**

1026 children have been enrolled directly due to outreach from 4/2010-1-2012. This number is reported by statewide outreach workers monthly and compiled by the eligibility manager

SECTION IIC: STATE STRATEGIC OBJECTIVES AND PERFORMANCE GOALS

This subsection gathers information on your State's general strategic objectives, performance goals, performance measures and progress towards meeting goals, as specified in your CHIP State Plan. (If your goals reported in the annual report now differ from Section 9 of your CHIP state plan, please indicate how they differ in "Other Comments on Measure." Also, the state plan should be amended to reconcile these differences). The format of this section provides your State with an opportunity to track progress over time. This section contains templates for reporting performance measurement data for each of five categories of strategic objectives, related to:

- Reducing the number of uninsured children
- CHIP enrollment
- Medicaid enrollment
- Increasing access to care
- Use of preventative care (immunizations, well child care)

Please report performance measurement data for the three most recent years for which data are available (to the extent that data are available). In the first two columns, data from the previous two years' annual reports (FFY 2009 and FFY 2010) will be populated with data from previously reported data in CARTS. If you previously reported data in the 2 previous years reports (2009 and/or 2010) and you want to update/change the data please enter that data. If you previously reported no data for either of those years, but you now have recent data available for them, please enter the data. In the third column, please report the most recent data available at the time you are submitting the current annual report (FFY 2011).

Note that the term *performance measure* is used differently in Section IIA versus IIC. In Section IIA, the term refers to the four core child health measures. In this section, the term is used more broadly, to refer to any data your State provides as evidence towards a particular goal within a strategic objective. For the purpose of this section, "objectives" refer to the five broad categories listed above, while "goals" are State-specific, and should be listed in the appropriate subsections within the space provided for each objective.

NOTES: Please do not reference attachments in this section. If details about a particular measure are located in an attachment, please summarize the relevant information from the attachment in the space provided for each measure.

In addition, please do not report the same data that were reported in Sections IIA or IIB. The intent of this section is to capture goals and measures that your State did not report elsewhere in Section II.

Additional instructions for completing each row of the table are provided below.

Goal:

For each objective, space has been provided to report up to three goals. Use this section to provide a brief description of each goal you are reporting within a given strategic objective. **All new goals should include a direction and a target. For clarification only, an example goal would be:** "Increase (direction) by 5 percent (target) the number of CHIP beneficiaries who turned 13 years old during the measurement year who had a second dose of MMR, three hepatitis B vaccinations and one varicella vaccination by their 13th birthday."

Type of Goal:

For each goal you are reporting within a given strategic objective, please indicate the type of goal, as follows:

- New/revised: Check this box if you have revised or added a goal. Please explain how and why the goal was revised.

- Continuing: Check this box if the goal you are reporting is the same one you have reported in previous annual reports.
- Discontinued: Check this box if you have met your goal and/or are discontinuing a goal. Please explain why the goal was discontinued.

Status of Data Reported:

Please indicate the status of the data you are reporting for each goal, as follows:

- Provisional: Check this box if you are reporting performance measure data for a goal, but the data are currently being modified, verified, or may change in any other way before you finalize them for FFY 2010.

Explanation of Provisional Data – When the value of the Status of Data Reported field is selected as “Provisional”, the State must specify why the data are provisional and when the State expects the data will be final.

- Final: Check this box if the data you are reporting are considered final for FFY 2011.
- Same data as reported in a previous year’s annual report: Check this box if the data you are reporting are the same data that your State reported for the goal in another annual report. Indicate in which year’s annual report you previously reported the data.

Measurement Specification:

This section is included for only two of the objectives— objectives related to increasing access to care, and objectives related to use of preventative care—because these are the two objectives for which States may report using the HEDIS® measurement specification. In this section, for each goal, please indicate the measurement specification used to calculate your performance measure data (i.e., were the measures calculated using the HEDIS® specifications or some other method unrelated to HEDIS®).

Please indicate whether the measure is based on HEDIS® technical specifications or another source. If HEDIS® is selected, the HEDIS® Version field must be completed. If “Other” measurement specification is selected, the explanation field must be completed.

HEDIS® Version:

Please specify HEDIS® Version (example 2009, 2010). This field must be completed only when a user selects the HEDIS® measurement specification.

“Other” measurement specification explanation:

If “Other”, measurement specification is selected, please complete the explanation of the “Other” measurement specification. The explanation field must be completed when “Other” measurement specification has been selected,

Data Source:

For each performance measure, please indicate the source of data. The categories provided in this section vary by objective. For the objectives related to reducing the number of uninsured children and CHIP or Medicaid enrollment, please indicate whether you have used eligibility/enrollment data, survey data (specify the survey used), or other source (specify the other source). For the objectives related to access to care and use of preventative care, please indicate whether you used administrative data (claims) (specify the kind of administrative data used), hybrid data (claims and medical records) (specify how the two were used to create the data source), survey data (specify the survey used), or other source (specify the other source). In all cases, if another data source was used, please explain the source.

Definition of Population Included in Measure:

Numerator: Please indicate the definition of the population included in the numerator for each measure (such as the number of visits required for inclusion, e.g., one or more visits in the past year).

Denominator: Please indicate the definition of the population included in the denominator for each measure

For measures related to increasing access to care and use of preventative care, please check one box to indicate whether the data are for the CHIP population only, or include both CHIP and Medicaid (Title XIX) children combined.

- If the denominator reported is not fully representative of the population defined above (the CHIP population only, or the CHIP and Medicaid (Title XIX) populations combined), please further define the denominator. For example, please note if the denominator excludes children enrolled in managed care in certain counties or certain plans or if it excludes children in fee-for-service or PCCM. Also, please report the number of children excluded. The provision of this information is important and will provide CMS with a context so that comparability of denominators can be assessed across the States and over time.

Deviations from Measure

For the measures related to increasing access to care and use of preventative care.

If the data provided for a measure deviates from the measure specification, please select the type(s) of measure specification deviation. The types of deviation parallel the measure specification categories for each measure. Each type of deviation is accompanied by a comment field that States must use to explain in greater detail or further specify the deviation when a deviation(s) from a measure is selected..

The five types (and examples) of deviations are:

Year of Data (e.g., partial year),

Data Source (e.g., use of different data sources among health plans or delivery systems),

Numerator (e.g., coding issues),

Denominator (e.g., exclusion of MCOs, different age groups, definition of continuous enrollment),

Other.

When one or more of the types are selected, states are required to provide an explanation.

Year of Data: not available for the 2011 CARTS reporting period.

Please report the year of data for each performance measure. The year (or months) should correspond to the *period in which enrollment or utilization took place*. Do *not* report the year in which data were collected for the measure, or the version of HEDIS® used to calculate the measure, both of which may be different from the period corresponding to enrollment or utilization of services.

Date Range: available for 2011 CARTS reporting period.

Please define the date range for the reporting period based on the “From” time period as the month and year which corresponds to the beginning period in which utilization took place and please report the “To” time period as the month and year which corresponds to the end period in which utilization took place. Do *not* report the year in which data were collected for the measure, or the version of HEDIS® used to calculate the measure, both of which may be different from the period corresponding to utilization of services.

Performance Measurement Data (HEDIS® or Other):

In this section, please report the numerators and denominators, rates for each measure (or component). The template provides two sections for entering the performance measurement data, depending on whether you are reporting using HEDIS® or other methodologies. The form fields have been set up to facilitate entering numerators and denominators for each measure. If the form fields do not give you enough space to fully report on the measure, please use the “additional notes” section.

Note: CARTS will calculate the rate when you enter the numerator and denominator.

For CARTS versions prior to 2011 States were able to enter a rate without entering a numerator and denominator (If you typically calculate separate rates for each health plan, report the aggregate state-level rate for each measure [or component]). The preferred method is to calculate a “weighted rate”

by summing the numerators and denominators across plans, and then deriving a single state-level rate based on the ratio of the numerator to the denominator.) **Beginning in 2011, CARTS will be requiring States to report numerators and denominators rather than providing them the option of only reporting the rate. If States reported a rate in years prior to 2011, that data will be able to be edited if the need arises.**

Explanation of Progress:

The intent of this section is to allow your State to highlight progress and describe any quality improvement activities that may have contributed to your progress. Any quality improvement activity described should involve the CHIP program, benefit CHIP enrollees, and relate to the performance measure and your progress. An example of a quality improvement activity is a state-wide initiative to inform individual families directly of their children's immunization status with the goal of increasing immunization rates. CHIP would either be the primary lead or substantially involved in the project. If improvement has not occurred over time, this section can be used to discuss potential reasons for why progress was not seen and to describe future quality improvement plans. In this section, your State is also asked to set annual performance objectives for FFY 2012, 2013, and 2014. Based on your recent performance on the measure (from FFY 2009 through 2011), use a combination of expert opinion and "best guesses" to set objectives for the next three years. Please explain your rationale for setting these objectives. For example, if your rate has been increasing by 3 or 4 percentage points per year, you might project future increases at a similar rate. On the other hand, if your rate has been stable over time, you might set a target that projects a small increase over time. If the rate has been fluctuating over time, you might look more closely at the data to ensure that the fluctuations are not an artifact of the data or the methods used to construct a rate. You might set an initial target that is an average of the recent rates, with slight increases in subsequent years. In future annual reports, you will be asked to comment on how your actual performance compares to the objective your State set for the year, as well as any quality improvement activities that have helped or could help your State meet future objectives.

Other Comments on Measure:

Please use this section to provide any other comments on the measure, such as data limitations, plans to report on a measure in the future, or differences between performance measures reported here and those discussed in Section 9 of the CHIP state plan.

Objectives Related to Reducing the Number of Uninsured Children (Do not report data that was reported in Section IIB, Questions)

FFY 2009	FFY 2010	FFY 2011
<p>Goal #1 (Describe) To reduce the number of children below 200% of poverty level within the state of Kansas without insurance to less than 4.5% of the total number of children of all income levels.</p>	<p>Goal #1 (Describe)</p>	<p>Goal #1 (Describe) To reduce the number of children below 200% FPL within the state without insurance to less than 4.5% of the total number of children of all income levels.</p>

<p>Performance Measurement Data: Described what is being measured: We are measuring what percentage of the total number of children below 19 years of age and below 200% of the federal poverty level that are uninsured. This is a rolling 3 year period. Numerator: 42 Denominator: 726 Rate: 5.8</p>	<p>Performance Measurement Data: Described what is being measured: Numerator: Denominator: Rate: Additional notes on measure:</p>	<p>Performance Measurement Data: Described what is being measured: Percentage of total number of children below 19 years of age and below 200% of the FPL that are uninsured. Numerator: 42 Denominator: 726 Rate: 5.8 Additional notes on measure: Based on a three year average.</p>

FFY 2009	FFY 2010	FFY 2011
Additional notes on measure: Based on a 3 year average.		
<p>Explanation of Progress:</p> <p>How did your performance in 2009 compare with the Annual Performance Objective documented in your 2008 Annual Report? In comparison to 2008, Kansas lost ground and was 1.1% higher than the previous results. In comparison to the specified goal, Kansas is 1.3% higher.</p> <p>What quality improvement activities that involve the CHIP program and benefit CHIP enrollees help enhance your ability to report on this measure, improve your results for this measure, or make progress toward your goal? Finding new ways to expedite enrollment will assist in reducing the number of uninsured. As a result in funding changes, Kansas is looking at new research and investigative requirements for proof eligibility to expedite approval and assignment. Kansas has also secured HRSA grant funding to create a new eligibility system an improve marketing and outreach.</p>	<p>Explanation of Progress:</p> <p>How did your performance in 2010 compare with the Annual Performance Objective documented in your 2009 Annual Report?</p> <p>What quality improvement activities that involve the CHIP program and benefit CHIP enrollees help enhance your ability to report on this measure, improve your results for this measure, or make progress toward your goal?</p>	<p>Explanation of Progress:</p> <p>How did your performance in 2011 compare with the Annual Performance Objective documented in your 2010 Annual Report? There are no comparison data from 2010. Last data reported was 2009, when in comparison to 2008, the rate was 1.3% higher.</p> <p>What quality improvement activities that involve the CHIP program and benefit CHIP enrollees help enhance your ability to report on this measure, improve your results for this measure, or make progress toward your goal? A HRSA grant was awarded to KS to create a new eligibility system, and to enhance enrollment and outreach activities. A team of statewide outreach workers has been deployed, and passive enrollment methods have been adopted. Work continues on the new eligibility system.</p>
<p>Please indicate how CMS might be of assistance in improving the completeness or accuracy of your reporting of the data.</p> <p>Annual Performance Objective for FFY 2010: Reduce the percentage of uninsured children below 200% of poverty level to 4.5% of the overall number of children.</p> <p>Annual Performance Objective for FFY 2011: Reduce the percentage of uninsured children below 200% of poverty level to 4.5% of the overall number of children.</p> <p>Annual Performance Objective for FFY 2012: Reduce the percentage of uninsured children below 200% of poverty level to 4.5% of the overall number of children.</p> <p><i>Explain how these objectives were set:</i> Through a collaborative process with the eligibility policy staff. However, uptake did not occur at the expected rate. The goals will be held constant at 4.5% until such rate is achieved.</p>	<p>Please indicate how CMS might be of assistance in improving the completeness or accuracy of your reporting of the data.</p> <p>Annual Performance Objective for FFY 2011: Annual Performance Objective for FFY 2012:</p> <p>Annual Performance Objective for FFY 2013:</p> <p><i>Explain how these objectives were set:</i></p>	<p>Please indicate how CMS might be of assistance in improving the completeness or accuracy of your reporting of the data.</p> <p>Annual Performance Objective for FFY 2012: To be established based on award of new statewide managed care contracts.</p> <p>Annual Performance Objective for FFY 2013:</p> <p>Annual Performance Objective for FFY 2014:</p> <p><i>Explain how these objectives were set:</i></p>

FFY 2009	FFY 2010	FFY 2011
Other Comments on Measure:	Other Comments on Measure:	Other Comments on Measure: Three new managed care contracts will be awarded for implementation Jan. 1, 2013. These contracts will provide services to all Medicaid and SCHIP beneficiaries, and will include long term care services, services to the Aged Blind and Disabled population, and HCBS services. Performance benchmarks have been created.

<p>Definition of Population Included in the Measure: Definition of denominator: The final number of eligible members in September 2008 (51,153) Definition of numerator: The growth during 2009 (51800 - 51,153 = 647)(647 is the growth for this year).</p>	<p>Definition of Population Included in the Measure: Definition of denominator: Definition of numerator:</p>	<p>Definition of Population Included in the Measure: Definition of denominator: Final number of enrolled members in March 2011 were 44,920 Definition of numerator: Total number of enrollees in March 2012 were 46,524. 46,524-44,920 = 1,604 an increase of 3.57%</p>
<p>Year of Data: 2009</p>	<p>Year of Data:</p>	<p>Date Range: From: (mm/yyyy) 03/2011 To: (mm/yyyy) 03/2012</p>

FFY 2009	FFY 2010	FFY 2011
<p>Performance Measurement Data: Described what is being measured: The number of children who qualify for medical benefits in the State of Kansas is constantly changing. With our ability to educate the public and potential members, Kansas has secured new money to increase and focus Outreach and Marketing efforts targeted toward hard to reach populations.</p> <p>Numerator: 647 Denominator: 51153 Rate: 1.3</p> <p>Additional notes on measure: This will be measured by subtracting the sum of the previous year's final number of eligible members (PY elig) from the current year's final number of eligible members (CY elig) and then dividing the sum by the previous year's final number of eligible members ((CY elig. – PY elig.)/PY elig.).</p>	<p>Performance Measurement Data: Described what is being measured:</p> <p>Numerator: Denominator: Rate:</p> <p>Additional notes on measure:</p>	<p>Performance Measurement Data: Described what is being measured: Total increase in the number of HW 21 children who qualified for medical benefits</p> <p>Numerator: 1604 Denominator: 44920 Rate: 3.6</p> <p>Additional notes on measure:</p>
<p>Explanation of Progress:</p> <p>How did your performance in 2009 compare with the Annual Performance Objective documented in your 2008 Annual Report? Kansas continued to grow in 2009 in comparison to 2008, however, the growth did not reach the goal of 3%. Our growth was 1.3%.</p> <p>What quality improvement activities that involve the CHIP program and benefit CHIP enrollees help enhance your ability to report on this measure, improve your results for this measure, or make progress toward your goal? Kansas has experienced an increase in outreach to membership. Going from one MCO to two appears to have increased our contact points, which has helped us increase both exposure and training opportunities. Other factors to consider are economic changes that may place more children in the Medicaid population stepping down from CHIP.</p>	<p>Explanation of Progress:</p> <p>How did your performance in 2010 compare with the Annual Performance Objective documented in your 2009 Annual Report?</p> <p>What quality improvement activities that involve the CHIP program and benefit CHIP enrollees help enhance your ability to report on this measure, improve your results for this measure, or make progress toward your goal?</p>	<p>Explanation of Progress:</p> <p>How did your performance in 2011 compare with the Annual Performance Objective documented in your 2010 Annual Report?</p> <p>What quality improvement activities that involve the CHIP program and benefit CHIP enrollees help enhance your ability to report on this measure, improve your results for this measure, or make progress toward your goal?</p>

Other Comments on Measure:	Other Comments on Measure:	Other Comments on Measure:

1. What other strategies does your State use to measure and report on access to, quality, or outcomes of care received by your CHIP population? What have you found? **[7500]**

The State requires MCO to Participate in two Program Improvement Projects, and one joint Program Improvement project. Most recent joint PIP summary is attached to this report.

2. What strategies does your CHIP program have for future measurement and reporting on access to, quality, or outcomes of care received by your CHIP population? When will data be available? **[7500]**

Newly contracting MCO's, three contracts will be awarded, will be required to be NCQA certified and must meet contractual obligations defined by the state. These will include clearly defined goals and benchmarks related to quality and access. Kansas also continues to contract with a CMS certified EQRO to measure MCO's success in these areas.

3. Have you conducted any focused quality studies on your CHIP population, e.g., adolescents, attention deficit disorder, substance abuse, special health care needs or other emerging health care needs? What have you found? **[7500]**

No focused studies were conducted during the reporting time.

4. Please attach any additional studies, analyses or other documents addressing outreach, enrollment, access, quality, utilization, costs, satisfaction, or other aspects of your CHIP program's performance. Please include any analyses or descriptions of any efforts designed to reduce the number of uncovered children in the state through a state health insurance connector program or support for innovative private health coverage initiatives health coverage initiatives. **[7500]**

Enter any Narrative text below **[7500]**.

SECTION III: ASSESSMENT OF STATE PLAN AND PROGRAM OPERATION

Please reference and summarize attachments that are relevant to specific questions

A. OUTREACH

1. How have you redirected/changed your outreach strategies during the reporting period? [7500]

Established a statewide unit of 12 eligibility specialists housed in low income clinics and schools to increase outreach to uninsured children.

2. What methods have you found most effective in reaching low-income, uninsured children (e.g., T.V., school outreach, word-of-mouth)? How have you measured effectiveness? [7500]

Partnering with local health departments and school nurses. Attending local health fairs and school enrollment

3. Which of the methods described in Question 2 would you consider a best practice(s)? [7500]

Partnering with local health departments.

4. Is your state targeting outreach to specific populations (e.g., minorities, immigrants, and children living in rural areas)?

Yes

No

Have these efforts been successful, and how have you measured effectiveness? [7500]

Targeting Hispanics and Native American Indians. Some sites have been more successful than others, success is currently measured by the number of applications received.

5. What percentage of children below 200 percent of the Federal poverty level (FPL) who are eligible for Medicaid or CHIP have been enrolled in those programs? [5]

(Identify the data source used). [7500]

3196 individuals were enrolled (No percentage, this includes adults that were approved with their children for Title 19 Medicaid, using Unit Supervisors Statistics.)

B. SUBSTITUTION OF COVERAGE (CROWD-OUT)

All states should answer the following questions. Please include percent calculations in your responses when applicable and requested.

1. Do you have substitution prevention policies in place?

Yes

No

If yes, indicate if you have the following policies:

Imposing waiting periods between terminating private coverage and enrolling in CHIP

Imposing cost sharing in approximation to the cost of private coverage

Monitoring health insurance status at the time of application

Other, please explain [7500]

2. Describe how substitution of coverage is monitored and measured and how the State evaluates the effectiveness of its policies. **[7500]**

Applicants self declare their status regarding other insurance coverage and are not subjected to a waiting period prior to CHIP coverage. On the application, the applicant must attest they have no additional coverage, and if insurance has ended during the last 6 months, they must explain why. This information is not currently verified due to staffing cost containment. If a member does declare a third party liability, and is otherwise eligible for CHIP denial for coverage is identified through a corresponding coverage denial code. Kansas collects data from the Kansas Automated Eligibility and Child Support Enforcement System (KAECSES) which reports the number of applications denied due to existing coverage. This data field allows for one denial code, therefore multiple reasons for denial are not identified.

3. Identify the trigger mechanism or point at which your substitution prevention policy is instituted or modified if you currently have a substitution policy. **[7500]**

All States must complete the following questions

4. At the time of application, what percent of CHIP applicants are found to have Medicaid [(# applicants found to have Medicaid/total # applicants) * 100] **[5]** 0
and what percent of applicants are found to have other group insurance [(# applicants found to have other insurance/total # applicants) * 100] **[5]**? 0
Provide a combined percent if you cannot calculate separate percentages. **[5]**

5. What percent of CHIP applicants cannot be enrolled because they have group health plan coverage **[5]** 0

a. Of those found to have had other, private insurance and have been uninsured for only a portion of the state's waiting period, what percent meet your state's exemptions to the waiting period (if your state has a waiting period and exemptions) [(# applicants who are exempt/total # of new applicants who were enrolled)*100]? **[5]**

6. Does your State have an affordability exception to its waiting period?

- Yes
 No

If yes, please respond to the following questions. If no, skip to question 7.

- a. Has the State established a specific threshold for defining affordability (e.g., when the cost of the child's portion of the family's employer-based health insurance premium is more than X percent of family income)?

- Yes
 No

If the State has established a specific threshold, please provide this figure and whether this applies to net or gross income. If no, how does the State determine who meets the affordability exception? **[7500]**

- b. What expenses are counted for purposes of determining when the family exceeds the affordability threshold? (e.g., Does the State consider only premiums, or premiums and

other cost-sharing charges? Does the State base the calculation on the total premium for family coverage under the employer plan or on the difference between the amount of the premium for employee-only coverage and the amount of the premium for family coverage? Other approach?) [7500]

c. What percentage of enrollees at initial application qualified for this exception in the last Federal Fiscal Year? (e.g., Number of applicants who were exempted because of affordability exception/total number of applicants who were enrolled). [5]

d. Does the State conduct surveys or focus groups that examine whether affordability is a concern?

Yes

No

If yes, please provide relevant findings. [7500]

7. If your State does not have an affordability exception, does your State collect data on the cost of health insurance for an individual or family? [7500]

No. Neither does the state collect the data asked for in Questions 4 and 5 above.

8. Does the State's CHIP application ask whether applicants have access to private health insurance?

Yes

No

If yes, do you track the number of individuals who have access to private insurance?_

Yes

No

If yes, what percent of individuals that enrolled in CHIP had access to private health insurance at the time of application during the last Federal Fiscal Year [(# of individuals that had access to private health insurance/total # of individuals enrolled in CHIP)*100]? [5]

C. ELIGIBILITY

(This subsection should be completed by all States)

Medicaid Expansion states should complete applicable responses and indicate those questions that are non-applicable with N/A.

Section IIIC: Subpart A: Overall CHIP and Medicaid Eligibility Coordination

1. Does the State use a joint application for establishing eligibility for Medicaid or CHIP?

Yes

No

If no, please describe the screen and enroll process. [7500]

2. Please explain the process that occurs when a child's eligibility status changes from Medicaid to CHIP and from CHIP to Medicaid. Have you identified any challenges? If so, please explain. **[7500]**

Children are determined eligible for 12 continuous months, and may move from Medicaid to CHIP with out gap in coverage.

3. Are the same delivery systems (such as managed care or fee for service,) or provider networks used in Medicaid and CHIP? **[7500]**

Yes

No

If no, please explain. **[7500]**

4. Do you have authority in your CHIP State plan to provide for presumptive eligibility, and have you implemented this? Yes No

If yes

- a. What percent of children are presumptively enrolled in CHIP pending a full eligibility determination? [5]
- b. Of those children who are presumptively enrolled, what percent of those children are determined eligible and enrolled upon completion of the full eligibility determination those children are determined eligible and enrolled? [5]

**Section IIIC: Subpart B: Initial Eligibility, Enrollment, and Renewal for
CHIP (Title XXI) and Medicaid (Title XIX) Programs**

Table B1

This section is designed to assist CMS and the States track progress on the "5 out of 8" eligibility and enrollment milestones. It will not be used to determine CHIPRA performance bonus payments.

Program Feature	Question	Medicaid	CHIP
-----------------	----------	----------	------

Continuous Eligibility	<p>1. Does the State provide continuous eligibility for 12 months for children regardless of changes in circumstances other than the situations identified below:</p> <p>a. child is no longer a resident of the State;</p> <p>b. death of the child;</p> <p>c. child reaches the age limit;</p> <p>d. child/representative requests disenrollment;</p> <p>e. child enrolled in a separate CHIP program files a Medicaid application, is determined eligible for Medicaid and is enrolled in Medicaid without a coverage gap.</p>	<p>In accordance with section 1902(e)(12) of the Act</p> <p><input type="checkbox"/> Yes <input type="checkbox"/> No</p>	<p><input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p>
Liberalization of Asset (or Resource Test) Requirements	<p>2. Does the State have an assets test?</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>
	<p>3. If there is an assets test, does the State allow administrative verification of assets?</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> N/A</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> N/A</p>
Elimination of In-Person Interview	<p>4. Does the State require an in-person interview to apply?</p>	<p><input type="checkbox"/> Yes <input type="checkbox"/> No</p>	<p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p>
	<p>5. Has the State eliminated an in-person requirement for renewal of CHIP eligibility?</p>	<p><input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p>	
Use of Same Application and Renewal Forms and Procedures for Medicaid and CHIP	<p>6. Does the State use the same application form, supplemental forms, and information verification process for <i>establishing</i> eligibility for Medicaid and CHIP?</p>	<p><input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p>	
	<p>7. Does the State use the same application form, supplemental forms, and information verification process for <i>renewing</i> eligibility for Medicaid and CHIP?</p>	<p><input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p>	

Automatic/Administrative Renewal	8. For renewals of Medicaid or CHIP eligibility, does the State provide a preprinted form populated with eligibility information available to the State, to the child or the child's parent or other representative, along with a notice that eligibility will be renewed and continued based on such information unless the State is provided other information that affects eligibility?	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
	9. Does the State do an ex parte renewal? Specifically, does the State renew Medicaid or CHIP eligibility to the maximum extent possible based on information contained in the individual's Medicaid file or other information available to the State, before it seeks any information from the child's parent or representative?	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
		If exparte is used, is it used for All applicants <input type="checkbox"/> Yes <input type="checkbox"/> No A subset of applicants <input type="checkbox"/> Yes <input type="checkbox"/> No	If exparte is used, is it used for All applicants <input type="checkbox"/> Yes <input type="checkbox"/> No A subset of applicants <input type="checkbox"/> Yes <input type="checkbox"/> No
Presumptive Eligibility	10. Does the State provide presumptive eligibility to children who appear to be eligible for Medicaid and CHIP to enroll pending a full determination of eligibility?		<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Express Lane Eligibility	11. Are you utilizing the Express Lane option in making eligibility determinations and/or renewals for both Medicaid and CHIP?		<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
			If yes, which Express Lane Agencies are you using? <input type="checkbox"/> Supplemental Nutrition Assistance Program (SNAP), formerly Food Stamps <input type="checkbox"/> Tax/Revenue Agency <input type="checkbox"/> Unemployment Compensation Agency <input type="checkbox"/> Women, Infants, and Children (WIC) <input type="checkbox"/> Free, Reduced School Lunch Program <input type="checkbox"/> Subsidized Child Care Program <input type="checkbox"/> Other, please explain. [7500]
			If yes, what information is the Express Lane Agency providing? <input type="checkbox"/> Income <input type="checkbox"/> Resources <input type="checkbox"/> Residency <input type="checkbox"/> Age <input type="checkbox"/> Citizenship <input type="checkbox"/> Other, please explain. [7500]

Premium Assistance	12. Has the State implemented premium assistance as added or modified by CHIPRA?	In accordance with section 2105(c)(10) of the Act, as added by section 301(a)(1) of CHIPRA. <input type="checkbox"/> Yes <input type="checkbox"/> No	In accordance with section 2105(c)(10) of the Act, as added by section 301(a)(1) of CHIPRA. <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
--------------------	--	---	--

Section IIIC: Subpart C: Eligibility Renewal and Retention

CHIP (Title XXI) and Medicaid (Title XIX) Programs

1. What additional measures, besides those described in Tables B1 or C1, does your State employ to simplify an eligibility renewal and retain eligible children in CHIP?

- Conducts follow-up with clients through caseworkers/outreach workers
- Sends renewal reminder notices to all families
 - How many notices are sent to the family prior to disenrolling the child from the program? **[500]**
 - At what intervals are reminder notices sent to families (e.g., how many weeks before the end of the current eligibility period is a follow-up letter sent if the renewal has not been received by the State?) **[500]**
- Other, *please explain*: **[500]**

2. Which of the above strategies appear to be the most effective? Have you evaluated the effectiveness of any strategies? If so, please describe the evaluation, including data sources and methodology. **[7500]**

Section IIIC: Subpart D: Eligibility Data

Table 1. Application Status of Title XXI Children in FFY 2011

States are required to report on questions 1 and 2 in FFY 2011. Reporting on questions 2.a., 2.b., and 2.c. is voluntary in FFY 2011 and FFY 2012. Reporting on questions 2.a., 2.b., and 2.c. is required in 2013. Please enter the data requested in the table below and the template will tabulate the requested percentages.

	Number	Percent
1. Total number of title XXI applicants	46524	100
2. Total number of application denials	0	
a. Total number of procedural denials	0	
b. Total number of eligibility denials	0	
i. Total number of applicants denied for title XXI and enrolled in title XIX	0	

(Check here if there are no additional categories <input type="checkbox"/>) c. Total number of applicants denied for other reasons Please indicate: Kansas does not track the total number of applicants by Program. We do not track total number of denials.	0	
--	---	--

3. Please describe any limitations or restrictions on the data used in this table: This number is simply the total number of enrollees as of March 2012. The data you are seeking is not available for our State.

Definitions:

1. The “total number of title XXI applicants,” including those that applied using a joint application form, is defined as the total number of applicants that had an eligibility decision made for title XXI in FFY 2011. This measure is for applicants that have not been previously enrolled in title XXI or they were previously enrolled in title XXI but had a break in coverage, thus requiring a new application. Please include only those applicants that have had a Title XXI eligibility determination made in FFY 2011 (e.g., an application that was determined eligible in September 2011, but coverage was effective October 1, 2011 is counted in FFY 2011).
2. The “the total number of denials” is defined as the total number of applicants that have had an eligibility decision made for title XXI and denied enrollment for title XXI in FFY 2011. This definition only includes denials for title XXI at the time of initial application (not redetermination).
 - a. The “total number of procedural denials” is defined as the total number of applicants denied for title XXI procedural reasons in FFY 2011 (i.e., incomplete application, missing documentation, missing enrollment fee, etc.).
 - b. The “total number of eligibility denials” is defined as the total number of applicants denied for title XXI eligibility reasons in FFY 2011 (i.e., income too high, income too low for title XXI /referred for Medicaid eligibility determination/determined Medicaid eligible , obtained private coverage or if applicable, had access to private coverage during your State’s specified waiting period, etc.)
 - i. The total number of applicants that are denied eligibility for title XXI and determined eligible for title XIX
 - c. The “total number of applicants denied for other reasons” is defined as any other type of denial that does not fall into 2a or 2b. Please check the box provided if there are no additional categories.

Table 2. Redetermination Status of Children Enrolled in Title XXI

For this table, States may voluntarily report in 2011 and 2012. Reporting is required for 2013.

Is the State reporting this data in the 2011 CARTS?

- Yes (complete) State is reporting all measures in the redetermination table.
- Yes (but incomplete) Please describe which measures the State did not report on, and why the State did not report on these measures.
Explain: [7500]
- No If the State is not reporting any data, please explain why.
Explain: [7500] This data is not collected in Kansas.

Please enter the data requested in the table below in the “Number” column, and the template will automatically tabulate the percentages.

	Number	Percent		
1. Total number of children who are eligible to be redetermined		100%		
2. Total number of children screened for		100%		

redetermination					
3. Total number of children retained after the redetermination process					
4. Total number of children disenrolled from title XXI after the redetermination process				100%	
a. Total number of children disenrolled from title XXI for failure to comply with procedures					
b. Total number of children disenrolled from title XXI for failure to meet eligibility criteria					100%
i. Disenrolled from title XXI because income too high for title XXI (If unable to provide the data, check here <input type="checkbox"/>)					
ii. Disenrolled from title XXI because income too low for title XXI (If unable to provide the data, check here <input type="checkbox"/>)					
iii. Disenrolled from title XXI because application indicated access to private coverage or obtained private coverage (If unable to provide the data or if you have a title XXI Medicaid expansion and this data is not relevant check here <input type="checkbox"/>)					
iv. Disenrolled from title XXI for other eligibility reason(s) Please indicate: (If unable to provide the data check here <input type="checkbox"/>)					
c. Total number of children disenrolled from title XXI for other reason(s) Please indicate: (Check here if there are no additional categories <input type="checkbox"/>)					

5. If relevant, please describe any limitations or restrictions on the data entered into this table. Please describe any State policies or procedures that may have impacted the redetermination outcomes data.

Definitions:

1. The “total number of children who are eligible to be redetermined” is defined as the total number of children due to renew their eligibility in Federal Fiscal Year (FFY) 2011, and did not age out (did not exceed the program’s maximum age requirement) of the program by or before redetermination. This total number may include those children who are eligible to renew prior to their 12 month eligibility redetermination anniversary date. This total number may include children whose eligibility can be renewed through administrative redeterminations, whereby the State sends the family a renewal form that is pre-populated with eligibility information already available through program records and requires

the family to report any changes. This total may also include ex parte redeterminations, the process when a State uses information available to it through other databases, such as wage and labor records, to verify ongoing eligibility.

2. The “total number of children screened for redetermination” is defined as the total number of children that were screened by the State for redetermination in FFY 2011 (i.e., those children whose families have returned redetermination forms to the State, as well as administrative redeterminations and ex parte redeterminations).
3. The “total number of children retained after the redetermination process” is defined as the total number of children who were found eligible and remained in the program after the redetermination process in FFY 2011.
4. The “total number of children disenrolled from title XXI after the redetermination process” is defined as the total number of children who are disenrolled from title XXI following the redetermination process in FFY 2011. This includes those children that States may define as “transferred” to Medicaid for title XIX eligibility screening.
 - a. The “total number of children disenrolled for failure to comply with procedures” is defined as the total number of children disenrolled from title XXI for failure to successfully complete the redetermination process in FFY 2011 (i.e., families that failed to submit a complete application, failed to provide complete documentation, failed to pay premium or enrollment fee, etc.).
 - b. The “total number of children disenrolled for failure to meet eligibility criteria” is defined as the total number of children disenrolled from title XXI for no longer meeting one or more of their State’s CHIP eligibility criteria (i.e., income too low, income too high, obtained private coverage or if applicable, had access to private coverage during your State’s specified waiting period, etc.). If possible, please break out the reasons for failure to meet eligibility criteria in i.-iv.
 - c. The “total number of children disenrolled for other reason(s)” is defined as the total number of children disenrolled from title XXI for a reason other than failure to comply with procedures or failure to meet eligibility criteria, and are not already captured in 4.a. or 4.b.

The data entered in 4.a., 4.b., and 4.c. should sum to the total number of children disenrolled from title XXI (line 4).

Table 3. Duration Measure of Selected Children, Ages 0-16, Enrolled in Title XXI, Second Quarter FFY 2012

The purpose of this table is to measure title XXI enrollees’ duration, or continuity, of public coverage (title XIX and title XXI). This information is required by CHIPRA, Section 402(a). **Reporting is not required until 2013, but States will need to identify newly enrolled children in the second quarter of FFY 2012 (January, February, and March of 2012). If your eligibility system already has the capability to track a cohort of enrollees over time, an additional “flag” or unique identifier may not be necessary.**

Instructions: For this prospective duration measure, please identify newly enrolled children in title XXI in the second quarter of FFY 2012, ages 0 months to 16 years at time of enrollment. Children enrolled in January 2012 must have birthdates after July 1995 (e.g., children must be younger than 16 years and 5 months) to ensure that they will not age out of the program at the 18th month of coverage. Similarly, children enrolled in February 2012 must have birthdates after August 1995, and children enrolled in March 2012 must have birthdates after September 1995. Each child newly enrolled during this time frame needs a unique identifier or “flag” so that the cohort can be tracked over time. If your eligibility system already has the capability to track a cohort of enrollees over time, an additional “flag” or unique identifier may not be necessary. Please follow the child based on the child’s age category at the time of enrollment (e.g., the child’s age at enrollment creates an age cohort that does not change over the 18 month time span). Please enter the data requested in the table below and the template will tabulate the percentages.

Specify how your “newly enrolled” population is defined:

Not Previously Enrolled in CHIP or Medicaid—“Newly enrolled” is defined as not enrolled in either title XXI or title XIX in the month before enrollment (i.e., for a child enrolled in January 2012, he/she would not be enrolled in either title XXI or title XIX in December 2011, etc.)

Not Previously Enrolled in CHIP—“Newly enrolled” is defined as not enrolled in title XXI in the month before enrollment (i.e., for a child enrolled in January 2012, he/she would not be enrolled in title XXI in December 2011, etc.)

Duration Measure, Title XXI	All Children Ages 0-16		Age Less than 12 months		Ages 1-5		Ages 6-12		Ages 13-16	
	Number	Percent	Number	Percent	Number	Percent	Number	Percent	Number	Percent
1. Total number of children newly enrolled in title XXI in the second quarter of FFY 2012		100%		100%		100%		100%		100%
Enrollment Status 6 months later										
2. Total number of children continuously enrolled in title XXI										
3. Total number of children with a break in title XXI coverage but re-enrolled in title XXI										
3.a. Total number of children enrolled in										

Medicaid (title XIX) during title XXI coverage break (If unable to provide the data, check here <input type="checkbox"/>)										
4. Total number of children disenrolled from title XXI										
4.a. Total number of children enrolled in Medicaid (title XIX) after being disenrolled from title XXI (If unable to provide the data, check here <input type="checkbox"/>)										
Enrollment Status 12 months later										
5. Total number of children continuously enrolled in title XXI										
6. Total number of children with a break in title XXI coverage but re-enrolled in title XXI										
6.a. Total number of children enrolled in Medicaid (title XIX) during title XXI coverage break (If unable to provide the data, check here <input type="checkbox"/>)										
7. Total number of children disenrolled from title XXI										
7.a. Total number of children enrolled in Medicaid (title XIX) after being disenrolled from title XXI (If unable to provide the data, check here <input type="checkbox"/>)										

<input type="checkbox"/>)										
Enrollment Status 18 months later										
8. Total number of children continuously enrolled in title XXI										
9. Total number of children with a break in title XXI coverage but re-enrolled in title XXI										
9.a. Total number of children enrolled in Medicaid (title XIX) during title XXI coverage break (If unable to provide the data, check here <input type="checkbox"/>)										
10. Total number of children disenrolled from title XXI										
10.a. Total number of children enrolled in Medicaid (title XIX) after being disenrolled from title XXI (If unable to provide the data, check here <input type="checkbox"/>)										

Definitions:

1. The “total number of children newly enrolled in title XXI in the second quarter of FFY 2012” is defined as those children either new to public coverage or new to title XXI, in the month before enrollment. Please define your population of “newly enrolled” in the Instructions section.
2. The total number of children that were continuously enrolled in title XXI for 6 months is defined as the sum of:
 - the number of children with birthdates after July 1995, who were newly enrolled in January 2012 and who were continuously enrolled through July 2012
 - + the number of children with birthdates after August 1995, who were newly enrolled in February 2012 and who were continuously enrolled through August 2012
 - + the number of children with birthdates after September 1995, who were newly enrolled in March 2012 and who were continuously enrolled through September 2012

3. The total number who had a break in title XXI coverage during 6 months of enrollment (regardless of the number of breaks in coverage) but were re-enrolled in title XXI by the end of the 6 months, is defined as the sum of:
 - the number of children with birthdates after July 1995, who were newly enrolled in January 2012 and who disenrolled and re-enrolled in title XXI by July 2012
 - + the number of children with birthdates after August 1995, who were newly enrolled in February 2012 and who disenrolled and re-enrolled in title XXI by August 2012
 - + the number of children with birthdates after September 1995, who were newly enrolled in March 2012 and who disenrolled and re-enrolled in title XXI by September 2012
 - 3.a. From the population in #3, provide the total number of children who were enrolled in title XIX during their break in coverage.

4. The total number who disenrolled from title XXI, 6 months after their enrollment month is defined as the sum of:
 - the number of children with birthdates after July 1995, who were newly enrolled in January 2012 and were disenrolled by July 2012
 - + the number of children with birthdates after August 1995, who were newly enrolled in February 2012 and were disenrolled by August 2012
 - + the number of children with birthdates after September 1995, who were newly enrolled in March 2012 and were disenrolled by September 2012
 - 4.a. From the population in #4, provide the total number of children who were enrolled in title XIX in the month after their disenrollment from title XXI.

5. The total number of children who were continuously enrolled in title XXI for 12 months is defined as the sum of:
 - the number of children with birthdates after July 1995, who were newly enrolled in January 2012 and were continuously enrolled through January 2013
 - + the number of children with birthdates after August 1995, who were newly enrolled in February 2012 and were continuously enrolled through February 2013
 - + the number of children with birthdates after September 1995, who were newly enrolled in March 2012 and were continuously enrolled through March 2013

6. The total number of children who had a break in title XXI coverage during 12 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XXI by the end of the 12 months, is defined as the sum of:
 - the number of children with birthdates after July 1995, who were newly enrolled in January 2012 and who disenrolled and then re-enrolled in title XXI by January 2013
 - + the number of children with birthdates after August 1995, who were newly enrolled in February 2012 and who disenrolled and then re-enrolled in title XXI by February 2013
 - + the number of children with birthdates after September 1995, who were newly enrolled in March 2012 and who disenrolled and then re-enrolled in title XXI prior to March 2013
 - 6.a. From the population in #6, provide the total number of children who were enrolled in title XIX during their break in coverage.

7. The total number of children who disenrolled from title XXI 12 months after their enrollment month is defined as the sum of:
 - the number of children with birthdates after July 1995, who were enrolled in January 2012 and were disenrolled by January 2013
 - + the number of children with birthdates after August 1995, who were enrolled in February 2012 and were disenrolled by February 2013
 - + the number of children with birthdates after September 1995, who were enrolled in March 2012 and were disenrolled by March 2013
 - 7.a. From the population in #7, provide the total number of children, who were enrolled in title XIX in the month after their disenrollment from title XXI.

8. The total number of children who were continuously enrolled in title XXI for 18 months is defined as the sum of:
 - the number of children with birthdates after July 1995, who were newly enrolled in January 2012 and were continuously enrolled through July 2013
 - + the number of children with birthdates after August 1995, who were newly enrolled in February 2012 and were continuously enrolled through August 2013
 - + the number of children with birthdates after September 1995, who were newly enrolled in March 2012 and were continuously enrolled through September 2013

9. The total number of children who had a break in title XXI coverage during 18 months of enrollment (regardless of the number of breaks in coverage), but were re-enrolled in title XXI by the end of the 18 months, is defined as the sum of:
 - the number of children with birthdates after July 1995, who were newly enrolled in January 2012 and who disenrolled and re-enrolled in title XXI by July 2013
 - + the number of children with birthdates after August 1995, who were newly enrolled in February 2012 and who disenrolled and re-enrolled in title XXI by August 2013
 - + the number of children with birthdates after September 1995, who were newly enrolled in March 2012 and who disenrolled and re-enrolled in title XXI by September 2013
 - 9.a. From the population in #9, provide the total number of children who were enrolled in title XIX during their break in coverage.

10. The total number of children who were disenrolled from title XXI 18 months after their enrollment month is defined as the sum of:
 - the number of children with birthdates after July 1995, who were newly enrolled in January 2012 and disenrolled by July 2013
 - + the number of children with birthdates after August 1995, who were newly enrolled in February 2012 and disenrolled by August 2013
 - + the number of children with birthdates after September 1995, who were newly enrolled in March 2012 and disenrolled by September 2013

D. COST SHARING

1. Describe how the State tracks cost sharing to ensure enrollees do not pay more than 5 percent aggregate maximum in the year?
 - a. Cost sharing is tracked by:
 - Enrollees (shoebox method)
If the State uses the shoebox method, please describe informational tools provided to enrollees to track cost sharing. **[7500]**
 - Health Plan(s)
 - State
 - Third Party Administrator
 - N/A (No cost sharing required)
 - Other, please explain. **[7500]**
Kansas collects a premium, the Premium remains below 5% total income, and does not require co-pays.
2. When the family reaches the 5% cap, are premiums, copayments and other cost sharing ceased? **[7500]** Yes No
3. Please describe how providers are notified that no cost sharing should be charged to enrollees exceeding the 5% cap. **[7500]**
Contractual requirements between the Division of Health Care Finance and HealthWave MCO's prohibit collections of co-pays, and Premiums never exceed 5% of income.
4. Please provide an estimate of the number of children that exceeded the 5 percent cap in the State's CHIP program during the Federal fiscal year. **[500]**
N/A
5. Has your State undertaken any assessment of the effects of premiums/enrollment fees on participation in CHIP?
 Yes
 No

If so, what have you found? **[7500]**
6. Has your State undertaken any assessment of the effects of cost sharing on utilization of health services in CHIP?
 Yes
 No

If so, what have you found? **[7500]**
7. If your state has increased or decreased cost sharing in the past federal fiscal year, has the state undertaken any assessment of the impact of these changes on application, enrollment, disenrollment, and utilization of children's health services in CHIP. If so, what have you found? **[7500]**

N/A

E. EMPLOYER SPONSORED INSURANCE PROGRAM (INCLUDING PREMIUM ASSISTANCE PROGRAM(S)) UNDER THE CHIP STATE PLAN OR A SECTION 1115 TITLE XXI DEMONSTRATION

1. Does your State offer an employer sponsored insurance program (including a premium assistance program) for children and/or adults using Title XXI funds?

- Yes, please answer questions below.
 No, skip to Program Integrity subsection.

Children

- Yes, Check all that apply and complete each question for each authority.
- Purchase of Family Coverage under the CHIP State Plan (2105(c)(3))
 Additional Premium Assistance Option under CHIP State Plan (2105(c)(10))
 Section 1115 Demonstration (Title XXI)
 Premium Assistance Option (applicable to Medicaid expansion) children (1906)
 Premium Assistance Option (applicable to Medicaid expansion) children (1906A)

Adults

- Yes, Check all that apply and complete each question for each authority.
- Purchase of Family Coverage under the CHIP State Plan (2105(c)(10))
 Additional Premium Assistance Option under CHIP State Plan (2105(c)(3))
 Section 1115 Demonstration (Title XXI)
 Premium Assistance option under the Medicaid State Plan (1906)
 Premium Assistance option under the Medicaid State Plan (1906A)
2. Please indicate which adults your State covers with premium assistance. (Check all that apply.)
- Parents and Caretaker Relatives
 Childless Adults
 Pregnant Women
3. Briefly describe how your program operates (e.g., is your program an employer sponsored insurance program or a premium assistance program, how do you coordinate assistance between the state and/or employer, who receives the subsidy if a subsidy is provided, etc.) **[7500]**
4. What benefit package does the ESI program use? **[7500]**
5. Are there any minimum coverage requirements for the benefit package?
- Yes
 No
6. Does the program provide wrap-around coverage for benefits?
- Yes
 No

7. Are there any limits on cost sharing for children in your ESI program?

- Yes
- No

8. Are there any limits on cost sharing for adults in your ESI program?

- Yes
- No

9. Are there protections on cost sharing for children (e.g., the 5 percent out-of-pocket maximum) in your premium assistance program?

- Yes No If yes, how is the cost sharing tracked to ensure it remains within the 5 percent yearly aggregate maximum [7500]?

10. Identify the total number of children and adults enrolled in the ESI program for whom Title XXI funds are used during the reporting period (provide the number of adults enrolled in this program even if they were covered incidentally, i.e., not explicitly covered through a demonstration).

_____ Number of childless adults ever-enrolled during the reporting period

_____ Number of adults ever-enrolled during the reporting period

_____ Number of children ever-enrolled during the reporting period

11. Provide the average monthly enrollment of children and parents ever enrolled in the premium assistance program during FFY 2011

Children _____

Parents _____

12. During the reporting period, what has been the greatest challenge your ESI program has experienced? **[7500]**

13. During the reporting period, what accomplishments have been achieved in your ESI program? **[7500]**

14. What changes have you made or are planning to make in your ESI program during the next fiscal year? Please comment on why the changes are planned. **[7500]**

15. What do you estimate is the impact of your ESI program (including premium assistance) on enrollment and retention of children? How was this measured? **[7500]**

16. Identify the total state expenditures for providing coverage under your ESI program during the reporting period. **[7500]**

17. Provide the average amount each entity pays towards coverage of the dependent child/parent under your ESI program:

Children	Parent
State:	State:
Employer:	Employer:
Employee:	Employee:

18. Indicate the range in the average monthly dollar amount of premium assistance provided by the state on behalf of a child or parent.

Children	Low	High
Parents	Low	High

19. If you offer a premium assistance program, what, if any, is the minimum employer contribution? **[500]**

20. Do you have a cost effectiveness test that you apply in determining whether an applicant can receive coverage (e.g., the state's share of a premium assistance payment must be less than or equal to the cost of covering the applicant under CHIP or Medicaid)?

- Yes
 No

21. Please provide the income levels of the children or families provided premium assistance.

	From	To
Income level of Children:	% of FPL[5]	% of FPL[5]
Income level of Parents:	% of FPL[5]	% of FPL[5]

22. Is there a required period of uninsurance before enrolling in premium assistance? **[500]**

- Yes
 No

If yes, what is the period of uninsurance? **[500]**

23. Do you have a waiting list for your program?

- Yes
 No

24. Can you cap enrollment for your program?

- Yes
 No

25. What strategies has the State found to be effective in reducing administrative barriers to the provision of premium assistance in ESI? **[7500]**

Enter any Narrative text below. **[7500]**

F. PROGRAM INTEGRITY (COMPLETE ONLY WITH REGARD TO SEPARATE CHIP PROGRAMS (I.E. THOSE THAT ARE NOT MEDICAID EXPANSIONS))

1. Does your state have a written plan that has safeguards and establishes methods and procedures for:

- (1) prevention: Yes No
(2) investigation: Yes No
(3) referral of cases of fraud and abuse? Yes No

Please explain: **[7500]**

MCO's must provide written plans for each of the above.

Do managed health care plans with which your program contracts have written plans?

- Yes
 No

Please Explain: **[500]**

Yes as per contractual requirements

2. For the reporting period, please report the

0 Number of fair hearing appeals of eligibility denials
0 Number of cases found in favor of beneficiary

3. For the reporting period, please indicate the number of cases investigated, and cases referred, regarding fraud and abuse in the following areas:

a. Provider Credentialing

0 Number of cases investigated
0 Number of cases referred to appropriate law enforcement officials

b. Provider Billing

0 Number of cases investigated

0 Number of cases referred to appropriate law enforcement officials

c. Beneficiary Eligibility

0 Number of cases investigated

0 Number of cases referred to appropriate law enforcement officials

Are these cases for:

CHIP

Medicaid and CHIP Combined

4. Does your state rely on contractors to perform the above functions?

Yes, please answer question below.

No

5. If your state relies on contractors to perform the above functions, how does your state provide oversight of those contractors? Please explain : **[7500]**

DHCF contracts with MCO to provide CHIP coverage in Kansas. Included in the contracts are specific requirements related to program integrity processes that must be developed by the MCO and approved by the state. MCO's are required to immediately refer suspected fraud and abuse to the Medicaid Fraud Control Unit (MFCU) and DHCF program management. MCO's attend monthly MFCU meetings at which specific fraud cases are discussed to monitor fraud and abuse across managed care, fee for service Medicaid. MCO's are required to submit a quarterly report identifying all fraud cases and the status of their investigations. These reports are reviewed by management to ensure appropriate actions are followed. Managed care managers work with the FFS program integrity manager on issues related to provider fraud and with DHCF eligibility staff when beneficiary fraud is identified.

6. Do you contract with managed care health plans and/or a third party contractor to provide this oversight?

Yes

No

Please explain: **[500]**

G. DENTAL BENEFITS – Reporting is required in 2010 CARTS

Is the State reporting this data in the 2011 CARTS?

- Yes If yes, then please complete G1 and G2.
 No If the State is not reporting data, please explain why.
 Explain: [7500]

1. Information on Dental Care for CHIP Children (Include all delivery types, i.e. MCO, PCCM, FFS).

Data for this table are based from the definitions provided on the Early and Periodic Screening, Diagnostic, and Treatment (EPSDT) Report (Form CMS-416)

a. Annual Dental Participation Table for CHIP Enrolled Children (Include children receiving full CHIP benefits and supplemental benefits) .

Please check which populations of CHIP children are included in the following table:

- Medicaid Expansion
 Separate CHIP
 Both Medicaid Expansion and Separate CHIP

State: KS FFY: KS	Age Group						
	Total	< 1	1-2*	3-5	6-9	10-14	15-18
Total Enrollees Receiving Any Dental Services ¹	102225	100	6464	24247	29244	25569	14142
Total Enrollees Receiving Preventive Dental Services ²	94945	56	4890	22365	28151	24638	12928
Total Enrollees Receiving Dental Treatment Services ³	45691	25	790	8755	14522	12005	8053

*Includes 12-month visit

¹**Total Eligibles Receiving Any Dental Services** - Enter the unduplicated number of children enrolled in CHIP for at least 90 continuous days and receiving at least one dental service by or under the supervision of a dentist as defined by HCPCS codes D0100 - D9999 (CDT codes D0100 - D9999).

²**Total Eligibles Receiving Preventive Dental Services** - Enter the unduplicated number of children enrolled in CHIP for at least 90 continuous days and receiving at least one preventive dental service by or under the supervision of a dentist as defined by HCPCS codes D1000 - D1999 -(CDT codes D1000 - D1999).

³**Total Eligibles Receiving Dental Treatment Services** - Enter the unduplicated number of children enrolled in CHIP for at least 90 continuous days and receiving at least one treatment service by or under the supervision of a dentist, as defined by HCPCS codes D2000 - D9999 (CDT codes D2000 - 09999).

- b. **For the age grouping that includes children 8 years of age, what is the number of such children who have received a protective sealant on at least one permanent molar tooth⁴? [7]**

10511

⁴**Receiving a Sealant on a Permanent Molar Tooth** -- Enter the unduplicated number of children enrolled in CHIP for 90 continuous days and in the age category of 6-9 who received a sealant on a permanent molar tooth regardless of whether the sealant was provided by a dentist or a non-dentist, as defined by HCPCS code D1351 (CDT code D1351).

2. **Does the State provide supplemental dental coverage?** Yes No

If yes, how many children are enrolled? [7]

What percent of the total amount of children have supplemental dental coverage? [5]

SECTION IV: PROGRAM FINANCING FOR STATE PLAN

1. Please complete the following table to provide budget information. Describe in narrative any details of your planned use of funds below, including the assumptions on which this budget was based (per member/per month rate, estimated enrollment and source of non-Federal funds). (Note: This reporting period =Federal Fiscal Year 2011. If you have a combination program you need only submit one budget; programs do not need to be reported separately.)

COST OF APPROVED CHIP PLAN

	2011	2012	2013
Benefit Costs			
Insurance payments			
Managed Care	60070429	62410200	61644800
Fee for Service	10062066	10159800	10035200
Total Benefit Costs	70132495	72570000	71680000
(Offsetting beneficiary cost sharing payments)	-2429671	-2595000	-2600000
Net Benefit Costs	\$ 67702824	\$ 69975000	\$ 69080000

Administration Costs

Personnel	150000	200000	200000
General Administration	1380253	2475000	2325555
Contractors/Brokers (e.g., enrollment contractors)	2681090	2600000	2600000
Claims Processing	2218722	2300000	2350000
Outreach/Marketing costs			
Other (e.g., indirect costs)	160000	200000	200000
Health Services Initiatives			
Total Administration Costs	6590065	7775000	7675555
10% Administrative Cap (net benefit costs ÷ 9)	7522536	7775000	7675556

Federal Title XXI Share	53000547	54300600	53606080
State Share	21292342	23449400	23149475

TOTAL COSTS OF APPROVED CHIP PLAN	74292889	77750000	76755555
--	----------	----------	----------

2. What were the sources of non-Federal funding used for State match during the reporting period?

- State appropriations
- County/local funds
- Employer contributions
- Foundation grants
- Private donations
- Tobacco settlement
- Other (specify) **[500]** Fee Funds

3. Did you experience a short fall in CHIP funds this year? If so, what is your analysis for why there were not enough Federal CHIP funds for your program? **[1500]**

No

4. In the table below, enter 1) number of eligibles used to determine per member per month costs for the current year and estimates for the next two years; and, 2) per member per month cost rounded to a whole number. If you have CHIP enrollees in a fee for service program, per member per month cost will be the average cost per month to provide services to these enrollees.

	2011		2012		2013	
	# of eligibles	\$ PMPM	# of eligibles	\$ PMPM	# of eligibles	\$ PMPM
Managed Care	41516	\$ 143	46371	\$ 123	46720	\$ 130
Fee for Service	0	\$ 0	0	\$ 0	0	\$ 0

Enter any Narrative text below. **[7500]**

SECTION V: 1115 DEMONSTRATION WAIVERS (FINANCED BY CHIP)

Please reference and summarize attachments that are relevant to specific questions.

- If you do not have a Demonstration Waiver financed with CHIP funds skip to Section VI. If you do, please complete the following table showing whom you provide coverage to.

		CHIP Non-HIFA Demonstration Eligibility				HIFA Waiver Demonstration Eligibility				
* Upper % of FPL are defined as Up to and Including										
Children	From		% of FPL to		% of FPL *	From		% of FPL to		% of FPL *
Parents	From		% of FPL to		% of FPL *	From		% of FPL to		% of FPL *
Childless Adults	From		% of FPL to		% of FPL *	From		% of FPL to		% of FPL *
Pregnant Women	From		% of FPL to		% of FPL *	From		% of FPL to		% of FPL *

- Identify the total number of children and adults ever enrolled (an unduplicated enrollment count) in your CHIP demonstration during the reporting period.

_____ Number of **children** ever enrolled during the reporting period in the demonstration

_____ Number of **parents** ever enrolled during the reporting period in the demonstration

_____ Number of **pregnant women** ever enrolled during the reporting period in the demonstration

_____ Number of **childless adults** ever enrolled during the reporting period in the demonstration
 (*Only report for 1st Quarter of the FFY)

- What have you found about the impact of covering adults on enrollment, retention, and access to care of children? You are required to evaluate the effectiveness of your demonstration project, so report here on any progress made in this evaluation, specifically as it relates to enrollment, retention, and access to care for children. **[1000]**

- Please provide budget information in the following table for the years in which the demonstration is approved. *Note: This reporting period (Federal Fiscal Year 2011 starts 10/1/2010 and ends 9/30/2011).*

COST PROJECTIONS OF DEMONSTRATION (SECTION 1115 or HIFA)	2011	2012	2012	2014	2015
Benefit Costs for Demonstration Population #1 (e.g., children)					
Insurance Payments

TOTAL COSTS OF DEMONSTRATION					
-------------------------------------	--	--	--	--	--

When was your budget last updated (please include month, day and year)? [500]

Please provide a description of any assumptions that are included in your calculations. **[7500]**

Other notes relevant to the budget: **[7500]**

SECTION VI: PROGRAM CHALLENGES AND ACCOMPLISHMENTS

1. For the reporting period, please provide an overview of your state's political and fiscal environment as it relates to health care for low income, uninsured children and families, and how this environment impacted CHIP. **[7500]**

As is common across many states, Kansas has experienced great budgetary challenges over the past three years. Spending for all publicly funded programs has been greatly reduced. The emergence in July 2011 of the Kansas Division of Health Care Finance is a result of governmental reorganization that eliminated the Health Policy Authority by merging it with the Kansas Department of Health and Environment. Additional executive reorganization orders will take effect in July 2012 and shift responsibility for CHIP mental health services to a newly formed Kansas Department of Aging and Disability.

2. During the reporting period, what has been the greatest challenge your program has experienced? **[7500]**

Reductions in staffing levels, some of which were accomplished through statewide early retirement incentives that cost the program a great deal of institutional knowledge. Kansas has also seen an increase in the number of persons seeking services.

3. During the reporting period, what accomplishments have been achieved in your program? **[7500]**

Kansas continues development of its new modernized eligibility system. Solidifying a statewide community based network of outreach workers targeting minority Hispanic and NA/AI populations.

4. What changes have you made or are planning to make in your CHIP program during the next fiscal year? Please comment on why the changes are planned. **[7500]**

The state is moving to a Managed Care model for all Medicaid populations and CHIP beneficiaries. A third managed care contractor will be added to deliver an increased range of services statewide. We anticipate seeing a reduction in the number of underserved beneficiaries in frontier counties and realize greater fiscal efficiencies.
